In Appreciation and Celebration of the United Way of Tri-County

The Girls Center (TGC), a nationally acclaimed program for girls ages 8-18, has been offering programs of leadership, positive self-esteem and creative self-expression since 1997 in Walpole, Norwood and Norfolk County Agricultural School. During this time over 1600 girls and women have participated through in school and after school programs. TGC has also provided a wide range of skill-based seminars for faculty and parents. This is one of many intervention and prevention programs provided by Bay State Community Services, Inc.

The Girls Center is pleased to celebrate the 75th Anniversary of the United Way of Tri-County, and the tens of thousands of peoples' lives they have touched through their generous fund-raising leadership and service. Their vision and efforts have opened the hearts and minds of many individual and corporate donors to the needs of countless children, adults and elders with a wide range of needs.

In response to the efforts of the United Way, these compassionate donors have not only provided financial support, but have also given of their time to a vast range of volunteer hands-on projects. To learn more about their many programs, please visit them at [www.unitedwaytri-county.org](http://www.unitedwaytri-county.org).

We invite you to join us in celebrating their 75th Anniversary by making a donation, if possible, to: United Way of Tri-County, 46 Park St., Framingham, MA 01702. Please indicate that the donation is in recognition of The Girls Center.

Thank you for your continued generosity and support.
